

Summer Search
where change begins

Be a Leader. Shape a Leader.

Hire a Summer Search Intern

Who?

Summer Search provides low-income high school students with intensive mentoring, summer experiential education programs, and college advising so they gain the skills to succeed in college and become leaders. We serve 375 students annually, 100% of our 800 alumni have graduated from high school and 89% have graduated college or are on track to do so. Despite numerous obstacles, they've made it to competitive colleges– UMASS, Colby, Spelman, Bentley, Tufts, Boston University, Northeastern, MIT, Harvard and more. Now 50 of our students are looking for a summer internship that will give them a chance to apply what they have learned in a professional setting.

Where?

We are looking for summer internships in a broad range of organizations: banks, investment firms, law firms, doctors' and dentists' offices, daycare centers, advertising agencies, hospitals, engineering firms– you name, and there is likely a Summer Search student interested.

Why?

Summer Search has a rigorous selection process. Our students have worked with us weekly throughout three years of high school. We've sent them on two summer trips– one risk-taking outdoor trip like Outward Bound, another academic or overseas to live with a family or to do community service, like teaching school in Ghana. They know how to thrive in unfamiliar situations. They know what it takes to get the job done.

Cost?

We suggest students be paid \$10-20/hour.

When?

Summer 2012. You decide how many weeks.

Suggested Entry Level Assignments

Administrative

Correspondence, phone work

Clerical

Sorting and stuffing mail, collating, data entry

Technology

Increase your social networking presence

Project Based

Research, re-organization, event support

Hiring a Summer Search College student will:

- Add a hardworking, motivated young person to your team
- Train Boston's next generation of professionals
- Help your organization give back to the greater community
